STILL SPARKLING

Celebrating 60 years of brilliance.

Since 1962, Best Home Furnishings has been proud to build furniture that helps people feel at home. From classic silhouettes to modern innovations, our collection has evolved to meet customers' needs with comfort that's stood the test of time. Because at Best, we're building more than furniture. We're building bonding moments. We're building family heirlooms. And along the way, we're building a reputation for quality, value and American-made craftsmanship.

Ken Love Jr.

POWER OF BEST®

The combination of the company's six

THE POWER OF BEST®

standards are unmatched by any other upholstered furniture manufacturer.

CRAFTSMANSHIP

Made in the USA*.

Since 1962, every Best Home Furnishings chair, recliner and sofa has been made right here in the heartland of America. We employ more than 850 hard-working, highly skilled craftsmen who take pride in paying attention to details and building furniture that lives up to its name. As a family-owned company, we're proud to provide jobs that support our community and our country. And when you buy a Best chair, sofa or recliner, you become part of that legacy.

SPEED

Made to arrive sooner.

At Best Home Furnishings, we know that when you finally find your favorite piece of furniture, you can't wait to see it inside your home. For one of the industry's fastest custom-order turnaround times, we keep every upholstery and wood finish in-stock and ready to use. Our inventory and manufacturing processes ensure your Best chair, recliner or sofa is delivered in weeks, instead of months-so you can settle in and enjoy it even sooner.

SELECTION

Made for you.

At Best Home Furnishings, we believe furniture should be all about you. It should fit your life, your style and your space. To help you find your perfect seat, our furniture is available in hundreds of sizes-from oversized Best recliners, to petite easy chairs, to high-leg recliners that double as accent chairs. Our catalog includes a range of styles, from contemporary and modern, to formal and traditional. And once you find the perfect chair, you can customize your comfort with dozens of premium features, and make it match your décor with more than 700 leather and upholstery options.

POWER OF BEST®

QUALITY

Made to last.

At Best Home Furnishings, we build furniture that lives up to its name. Every one of our sofas, chairs and recliners is built and engineered to endure years of daily use. We start with kiln-dried, native hardwood frames, handpick every piece of wood and fabric, and use computerized scan-and-cut systems to eliminate defects. Our manufacturing process benefits from USA craftsmanship and checks and balances at every step. The result is furniture that remains comfortable for generations to come.

- We use sturdy frames with kiln-dried hardwood frame parts.
- Our computerized systems scan and cut out wood defects.
- Joints are doweled, screwed, glued, stapled and corner blocked.
- Deep penetrating truss plates are added to reinforce high stress points.
- We have 60 expert upholsterers with an average of 16+ years' experience.
- Every piece undergoes an 18-point sewing inspection checklist.
- Innovative Performa Weave® chaise pads are added to reclining furniture.
- Our extensive power recliner testing far exceeds industry standards.

VALUE

Made to make sense.

More than 60 years ago, our founders committed to building high-quality furniture that lasts for decades but doesn't require years of financing. It's a simple philosophy, but we've stuck to it for generations-and it even inspired the Best Home Furnishings name. Thanks to strict production standards, close vendor relationships, and efficient manufacturing, we keep our prices competitive without sacrificing quality. Because we believe your investment should make sense-today, tomorrow and for years to come.

FAMILY

Made with love.

The Lange family started Best Home Furnishings in 1962 with a commitment to engineering quality products at an affordable price. While our founder, Clem Lange, is in the American Home Furnishings Hall of Fame, and we're a top 15 furniture supplier, we haven't forgotten our roots. We're still a family-owned company - now its third generation - and we're still dedicated to making the finest furniture possible. Every dealer, supplier and customer is seen as an extension of our family.

RECLINERS

The only recliners worthy of being called Best.

Performance Fabrics

Whether it's kids, pets, or your everyday lifestyle, family friendly performance fabrics by Best Home Furnishings will keep you covered. The construction on the inside and cleanability on the outside will ensure that new look, every new day. Best offers one of the largest selections of performance fabrics in the industry. We understand accidents happen, but stains shouldn't have to.

Opti•Clean's technology is a performance system encasing every fiber to ensure cleanability. This protective layer deters liquid from penetrating the surface of the fabric, and allows time for clean up before it becomes a stain. Optic•Clean fabrics are soft to the touch, family friendly, easy-to-clean, and stain resistant.

Revolution and Fortress fabrics are made in the USA with up-cycled fibers and have no chemical treatments. They are virtually unstainable, easy to clean, and extremely durable; yet beautiful and soft. They are resistant to fading from the sun, and are considered bleach safe.

POWER LIFT/ RECLINE

SWIVEL GLIDER

POWER SWIVEL GLIDER

Our Best. You can make it better.

*Refer to the inside pages or the price list for availability of options on specific recliner models.

Power Recline

Effortlessly recline at the touch of a button. Our smooth, whisper-quiet power mechanism will sweep you off your feet in a matter of seconds.

Custom Comfort

Look for this icon that features a zipper in the upper or lower back for access to the premium cushioning fiber. This allows you to add more for a firmer comfort or take some out for a plusher feel.

Coil Spring Cushioning

Cushions that feature coil spring cushions feature coils that are encased in fabric for enhanced resiliency, support and to eliminate permanent coil-set. The cushion is then wrapped in a high-resiliency polyester fiber for extra cushioning, comfort and durability that results in 21% less breakdown. Consistently comfortable, consistently quiet.

Power Tilt Headrest

Take relaxation to the next level, by adding the Power Headrest. This feature adjusts for superior comfort and support where you need it most, all at the push of a button.

Performa Weave®

Performa-Weave, is an innovative seat cushion material exclusive to Best Home Furnishings made from a breathable matrix of synthetic fibers. Performa-Weave keeps your recliner cool and comfortable from seat to feet. Its unique looped construction provides long-lasting resiliency and spring-like comfort.

Power Lift & Recline

The recliners in the UpLifting Comfort Series® offer comfort, customization and craftsmanship – plus the added boost of a power lift.

Comfort Dial

Comfort. Dialed in. Our innovative, easy-to-use Comfort Dial allows you to simply operate your reclining furniture at the simple turn of a dial. Rotate back to open your recliner to the specified location. Rotate forward to adjust or close your recliner. A quick-click switches to Power Tilt Headrest mode where you can adjust the top-back for the ultimate in head and neck support. Hold the button to return in to the home sitting position. The Comfort Dial also features a USB charging port.

Best-Max®

Features a 2.5 lb. High Resiliency, contoured urethane foam cushion and additional heat-tempered sinuous wire seat springs for one of the most advanced recliners available.

USB Charging

USB chargers featured in your recliner have extensively been tested to charge your mobile devices all while enjoying a movie, playing games or enjoying your favorite apps.

Heat/Massage

At the push of a button, allow your recliner to warm and relax tired muscles. Control the massage intensity and speed, target select muscle groups, and vary the heat settings.

Adjusta-Pillow

Our exclusive Adjusta-Pillow recliner features independent, adjustable pillow-top arms that allow for an infinite range of custom comfort options. Perfect for nursing mama bears, but also ideal for papa bears who want additional arm support when reclined. Adjusta-Pillow brings relaxation to new heights.

BUILT TO LAST

Quality materials and constructed to last in the United States of America.

Over 60 years ago, Best Home Furnishings was founded in Southern Indiana, a place with a heritage for building furniture, and a reputation for a strong, detailed work ethic. Still family owned and operated, we take pride in offering over 700 cover options, on a wide array of products, and built in the industry's shortest turnaround time. We take pride in the craftsmanship of a finely upholstered chair and the detail of tailored skirts sewn in our Ferdinand factories. Jobs, strength and security for our country. That's the power of Best Home Furnishings.

BUILT TO LAST

Quality materials and constructed to last in the United States of America.

Zipper access for adjusting of cushioning fibers*

Best's proprietary blended polyester fiber seating system utilizes over 2 million pounds per year of recycled polyester fiber blended in scientifically monitored ratio with fiber of complementary properties to create a composite fiber system superior to single fiber systems but with a recycling benefit to boot.

Easy-access lumbar adjustment

Premium reclining mechanism provides additional lumbar support & a no-gap design between seat and back when reclined

Power & Manual Recline Options Available

Lower seat foam utilizes 1.8-2.5 HR technology compression foam

Adjustable kick-out tension

Multitude of base options to suit your comfort preference

Proprietary Space Saver® reclining feature

Convenient removable backs for ease in handling

Five 8-gauge heat-tempered sinuous wire seat springs connected side-by-side with two 16-gauge coated steel wires

Durable kiln-dried hardwood frame parts processed from company owned and operated facilities.

Lumber suppliers employ modern conservation practices to minimize environmental impact and enhance reforestation processes.

Tenon and mortise joints secured by steel truss plates

Engineered hardwoods utilize CNC bandsaw for accuracy highest yields

Premium six-bar front linkage provides longer & taller kick-out than standard mechanisms. Heavy-duty 5-9 gauge steel, tested to outperform competition.

Joints are reinforced with hardwood blocks utilizing wood glue, staples, and screws. Truss plates ensure the strongest frame construction.

Exclusive Performa-Weave® chaise pad technology provides a more durable, comfortable and cooler seating experience than standard foam.

State-of-the-art Comfort

Sit back and relax in next-level comfort with our state-of-the-art Comfort Sync™ system. Developed in conjunction with industry-leading experts Leggett & Platt, our proprietary Comfort Sync system has three integrated features that make Best reclining furniture an instant favorite.

The ComfortSync™ Trifecta

Lay it all out there

Our ComfortSync system is engineered to lay back nearly flat, without sacrificing space in your room. As you recline, the chair synchronizes with your body for continuous support of key comfort zones. Many recliners can be positioned as close as 2" from the wall.

Lumbar love

Our upgraded lumbar feature contours to the natural curve of your lower back by filling the gap between the chair and your back as you recline. This helps to relieve key body pressure points, encourage better posture and support your entire body for restorative relaxation.

Kick back and relax

Our longest leg support yet allows for even distribution of your lower body weight to help improve circulation and reduce stress to your legs. The footrest moves when you want it to and the reclining action moves in sync with your body. This allows for seemingly infinite reclining positions, including the TV watching position or a nearly flat layout. This provides optimal head, neck, back and leg support whether you're reading, watching movies or napping.

Discover the difference Best research and engineering makes.

Best drives the industry forward by working closely with home furnishings leader, Leggett & Platt, to design and engineer exclusive features of our premier reclining mechanisms.

With our patented back movement, the seat swoops forward and up as you recline, creating extra lumbar support. And our patented geometry allows for close-to-the-wall clearance.

A steel recliner rod synchronizes the recline mechanism linkages on both sides to provide a smooth, uniform reclining experience.

Our leg extension features an advanced six-bar front mechanism linkage to provide a longer and taller kickout than standard four-bar mechanisms.

The heavy-duty Comfort Sync system is constructed in the USA using a combination of steel components ranging from 5 to 9 gauge. With a Steel-to-Floor mechanism for stronger, more stable chair base.

Comfort you can count on.

Comfort Sync is engineered with the perfect balance of comfort and durability, because once you find the perfect recliner, you'll want to enjoy it for years to come. Our sturdy steel construction supports a broad range of shapes and sizes, while the smooth, gentle motion effortlessly follows your every move.

BODYREST RECLINERS

The only recliners worthy of being called Best.

FLAT OUT COMFORT.

www.FlatOutComfort.com

Introducing the first and only recliner designed and contoured to fit your body's most restful position, FLAT. When reclined to its full layout position, you may begin to question the purpose of your mattress. Also featuring the Pressback, which allows you to recline the back without activating the kickout, the BodyRest recliner will have infinite positions to suit your comfort level. Built with comfort in mind and durability as its foundation, the BodyRest utilizes a heavy-duty frame, high resiliency foam, additional heat-tempered seat springs and tested for over 300 lbs of everyday use.

FLAT out the best.

- Flattest reclined position in the industry
- Features a high resiliency, contoured urethane foam cushion
- Six heat-tempered sinuous wire springs
- Stronger and sturdier construction frame
- Arm padding extended further back
- Extra premium cushioning fibers
- Kickout and back mechanisms act independently of each other providing endless reclining positions

THE BEAST RECLINERS

The only recliners worthy of being called Best.

THE BEAST

Tested for up to 500 pounds* of everyday use and features a
7-Gauge Steel Mechanism!

Frame: Each recliner is constructed of 1 1/8" hardwood seat frame joined together by six 2 1/2" lag bolts, doweled joints and glue.

Mechanism: The heavy-duty 7-gauge all-steel mechanism is designed to withstand up to 500 lbs* of everyday use. Every recliner features adjustable kick-out tension and is assembled and tested to assure smooth, reliable comfort.

** Beast Space Saver® recliners tested up to 500 lbs. Beast Rockers and Power Rockers tested up to 450 lbs.*

Springs: 16 bar coils in the seat spring unit are heat-tempered for durability and long-life. A double lumbar spring design provides added support where it is needed most.

Cushions: Cushions are constructed of 2.3 - 2.5 density premium HR foam for comfort you have to feel to believe.

Features: A clever removable back provides for ease in handling and placement in your home. The unique "Easy Access" back design allows for repositioning or addition of polyester fiber that keeps this recliner looking good for years to come.

**See catalog for items with these features*

REMOVABLE BACKS WITH EASY-ACCESS TO LUMBAR SUPPORT

Removable seat backs allow for ease in transportation and handling and customers have access to customize the comfort level of the lumbar support.

ADJUSTABLE KICK-OUT AND BACK TENSIONS

"Gravity activated handle-assist" enables customer to adjust ease of operation.

HIGH-DENSITY FOAM/HIGH-LOFT PREMIUM POLYESTER CUSHIONING

Plushest, most comfortable seat in the industry.

DOWELED, CORNER BLOCKED, GLUED AND SCREWED

Multiple processes, occasionally including truss plates, ensure solid, long-lasting joints.

SUPERIOR SPRING CONSTRUCTION

Sinusoid wire springs are cross-wired to prevent sagging. Spring clips are coated with polypropylene to prevent squeaks.

VERSATILE STYLE

Wide selection of fabrics and leathers with styles to match every taste and décor.

Look for this icon that features a zipper in the upper or lower back for access to the premium cushioning fiber. This allows you to add more for a firmer comfort or take some out for a plusher feel.

Deluxe Options*

Power reclining sofas and loveseats make relaxing as easy as pushing a button. Whisper smooth power reclining functions quietly move you into an infinite number of comfortable positions at one of the fastest recline speeds in the industry.

The Space Saver® combines features no other recliner can match:

- Closer Wall Proximity – as close as 2"
- Longer Footrest Extension with Maximum Leg Elevation
- The One & Only Space Saver® Recliner

Performa-Weave™, is an innovative seat cushion material exclusive to Best Home Furnishings made from a breathable matrix of synthetic fibers. Performa-Weave™ keeps your recliner cool and comfortable from seat to feet. Its unique looped construction provides long-lasting resilience and spring-like comfort.
